Professional, quality colour throughput that improves efficiency in the workplace

Get more from your printing with vibrant colour, accurate imaging and functionality that supports your business and improves document management, all from one affordable device.

OKI's range of A4 Colour Multifunction Products (MFP's) puts professional document printing, copying, scanning and faxing in the reach of every business or busy workgroup. These compact and ergonomically designed desktop MFP's with outstanding utilities, eco functions and standard features, including an RADF enabling you to copy, scan and fax double-sided documents.

Delivering outstanding colour and clarity, using ProQ2400 and the single-pass digital LED printing technology, you can print on a variety of paper sizes and weights, allowing you to produce professional in-house documents that meet your expanding business needs.

Reliable printing with a 3-year warranty as standard

OKI's ultra-reliable, award winning digital LED technology has fewer moving parts, which means less wear and tear, for exceptional reliability. This, plus durable components and a robust, built-to-last design, allows us to provide users with the peace of mind of a 3-year on-site warranty as standard.

Smarter printing solutions from OKI

OKI provides a suite of software, offering added functionality, control and efficiencies for your business.

PrintSuperVision

For the management and control of networked printers and MFPs:

- manage devices and troubleshoot any problems
- monitor which printers require new toners before they run out
- limit user intervention maintaining productivity workflow
- provide complete control and visibility of all printers across your network

Print Job Accounting

Provides visibility and control of your organisation's print spend:

- visibility and control of print usage within your business
- restrict access to individuals and or groups

- manage printing within defined cost limits
- create reports on volume, paper size, media type and consumables usage

Template Manager

Create and print many types of business stationery and promotional material in-house:

- brochures
- address labels
- business cards
- CD/DVD labels
- large banners (up to 1320mm length)

Visit DENMARK - WWW.OKI.DK, FINLAND - WWW.OKI.FI, NORWAY - WWW.OKI.NO, SWEDEN - WWW.OKI.SE to download this suite of software.

Smarter printing with OKI

According to the centre of economics and business research, organisations can cut their print costs by up to 30% by bringing their outsourced printing in-house.*

OKI's A4 Colour MFP range helps businesses to think differently about how they produce their documents, making in-house professional printing a reality with improved efficiency, flexibility and performance that really makes a difference.

Print smart, saving time and money through printing in-house

Management and printing of your documents is so much simpler with the OKI A4 Colour MFP range, combining High Definition colour printing with tools that give you the ability to create a full range of colourful marketing materials for your company.

Creating documents in-house allows you to effectively manage what you print and when you print it, saving money that would otherwise be spent at a professional print house.

Print business cards, banners (up to 1320mm), leaflets, presentations, booklets, CD/DVD labels and more in High Definition, professional quality colour and on a range of paper weights up to 220gsm.

Sharp, vibrant colour

Clever digital LED technology, which is inherently more energy efficient, provides outstanding colour scanning and printing, producing professional quality documents that your business will be proud of.

Helping you manage the amount you print

These intelligent MFP's have been designed to help you reduce the amount you print, and therefore minimise your energy and paper usage. Through several useful features, including duplex printing, automatic forwarding of faxes to email or folders and Nuance PaperPort software that converts hardcopy documents into digital formats, you can save money and time in managing your documents in an efficient and productive manner.

Mobile printing whilst you are on the move

OKI brings mobile printing to the workplace through innovation and technology. Many of our products, including the A4 Colour MFP range, are now compatible with mobile printing applications, allowing you to print directly from your mobile device over wireless networks.

Using readily available software and apps, such as ePrint, and Cortado Workplace, you or your visiting customers can now print directly from an iPad, iPhone or smartphone to our range of high definition printing devices; great for printing documents wherever you are, without the need to connect to a PC or Mac.

One device, many functions - the s

The OKI A4 Colour MFP range brings outstanding functionality to the workplace, combining print, scan, copy and fax in one ergonomic, compact and energy efficient device.

Automatic duplex printing, copying, scanning and faxing[1] as standard
The OKI A4 Colour MFP range comes with an RADF as standard for simple, efficient and cost effective handling of double-sided documents.

Intuitive menus and simple to use controls
Combining a 3.5" graphical LCD display, one touch function buttons and a simple menu system the OKI A4 Colour MFP range is user friendly and easy to operate.

QWERTY keypad
The MC562dn comes with a user-friendly QWERTY keypad for instant typing of email addresses to facilitate document management and workflow.

Direct printing and scanning
Print directly from or scan directly to a USB stick without the need of a PC providing added flexibility and improving user efficiency.
Cost saving, high capacity toners
The MC562dn offers the option of high capacity toner cartridges to reduce total cost of ownership and user intervention.

Perfect for high volume print jobs
With paper capacity of up to 880 sheets, you can now support your high volume mono print requirements in-house.

Flexible media handling
With a multipurpose, manual feed tray, the OKI A4 Colour MFP range can print on a wide range of media sizes and weights, from A6 to 1320mm and up to 220gsm.
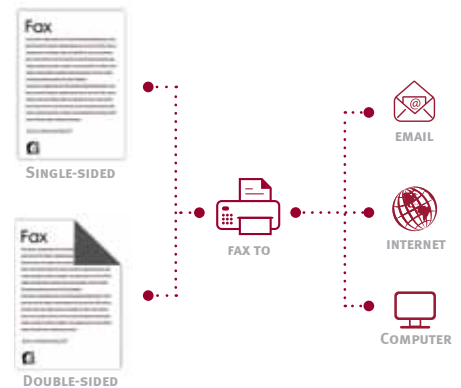

smarter choice for any business

Print

- Fast print speeds of up to 30ppm and rapid time to first print of up to 7.5 seconds
- Duplex printing as standard, reducing paper consumption
- ProQ2400 multi-level output quality of 1200 x 600dpi print resolution
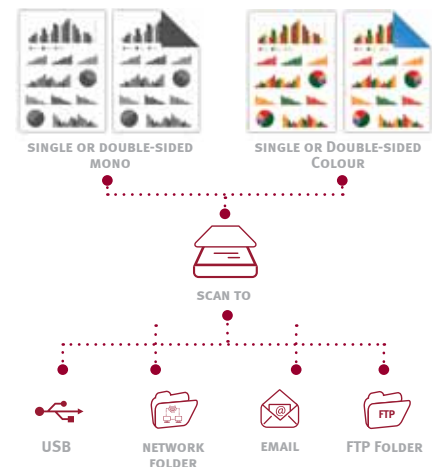

LEAFLETS STICKERS PRESENTATIONS LETTERS

Fax[1]

- Send and receive fax documents at high speed with Super G3 capability
- Fax double-sided documents quickly and easily using 50 sheet RADF (Reverse Automatic Document Feeder)
- Automated Delivery[2] forwards received emails or faxes to specific email addresses or folders, to access whilst on the move
- Fax documents directly from or to your PC
- Send faxes over the internet to another internet fax
- Block junk faxes and store incoming faxes to minimise unnecessary printing
- Save time with 16 one-touch buttons and 100 speed dials to retrieve regularly used numbers

SINGLE-SIDED

DOUBLE-SIDED

Improving efficiency and reducing environmental impact

The OKI A4 Colour MFP range is built on award winning digital LED technology that is inherently energy efficient. Incorporating a wide range of features that ensure that these are amongst the most efficient MFP devices available.

Consolidating multiple devices into one

Bringing together several devices into one efficient device reduces:
- Energy usage – saving you money and the environment
- Consumables consumption

Reducing power consumption

- 100% based on LED technology that inherently consumes less energy
- **Eco mode** – improves throughput performance and reduces energy consumption
- **Deep Sleep mode** - reduces energy consumption to less than 3W
- **Auto-Off mode** – automatically powers off from Deep Sleep mode reducing energy consumption even further to 0.5W when not in use

Duplex printing, copying, scanning and faxing as standard

- Reducing paper usage
- **Toner Save function** - reduces the amount of toner used when printing draft or internal documents
- OKI offers customers a free consumables recycling programme. Currently 97% of all materials returned through the scheme are recycled

Advanced fax functionality reduces need for printing

A range of fax features can help to reduce fax print volumes, saving energy, consumables and telecom costs:
- Store received faxes in memory or forward to an email address[2]
- Blocking junk faxes to prevent unnecessary printing
- Internet fax reduces telecom costs

The OKI A4 Colour MFP range suits the needs and budgets of small to medium sized businesses or workgroups
There are three models in the range that offer a variety of functions and speed to suit your needs, whilst still offering you the flexibility to print, copy, scan or fax[1].

MC352dn – The 3-in-1 device for small businesses or workgroups

- 1 to 10 users
- Print, Copy and Scan
- 22ppm colour/24ppm mono print speeds
- PCL and PS printer languages
- Optional 2nd paper tray (530 sheets)
- Optional free standing cabinet
- 2k colour and 3.5k mono toner cartridges

MC362dn – The 4-in-1 device for small businesses or workgroups

- 1 to 10 users
- Print, Copy, Scan and Fax
- 22ppm colour/24ppm mono print speeds
- PCL and PS printer languages
- Optional 2nd paper tray (530 sheets)
- Optional free standing cabinet
- 2k colour and 3.5k mono toner cartridges

Bringing added security and control to the workplace

MC562dn – The 4-in-1 device for small to medium offices or busy workgroups

- 1 to 20+ users
- Print, Copy, Scan and Fax
- 26ppm colour/30ppm mono print speeds
- PCL and PS printer languages
- Optional 2nd paper tray(530 sheets)
- Optional free standing cabinet
- Optional 4GB SDHC memory required for Secure Print
- Up to 5k colour and 7k mono toner cartridges

Business Printing Specialists

OKI's printer division is a global business-to-business brand dedicated to creating cost effective, professional in-house printing solutions which are designed to increase the efficiency of today's and tomorrow's businesses and their workflows. As pioneers in innovative print technologies from digital LED to High Definition Colour, we have a portfolio of award winning products and solutions enabling businesses to achieve both image focused, vibrant, quality print communications and budget flexibility.

OKI presents a full range of A3 and A4 colour and mono printers and MFPs, for workgroups and businesses of all sizes with superior media-handling capabilities. In addition our fax, POS and dot matrix printers complete our range of print solutions. These best-in-class products are designed to be easy to use making the job of in-house print easier.

Considering the Environment

As part of the OKI Group's Charter of Corporate Conduct, OKI continually reviews its efforts to provide environmentally sound solutions to its customers:

- Our products are designed and manufactured with reducing the impact on the environment in mind.
- Increasing the amount of our hardware products and consumables that are recycled is one of our strategic objectives.
- We feel responsible for conducting our business in an environmentally sound manner, contributing to conservation and activities within our local communities.

OKI's Green Leaf symbol, found on all products and packaging, represents our total commitment to collection, recycling and environmental processes.

CarbonZero Manufacturing Facilities

OKI's three main production facilities, located in Ayutthaya (Thailand), Shenzen (China) and Fukushima (Japan), which manufacture printers and MFPs for the company's European and broader global markets have been made "CarbonZero" in a bid to slow down global climate change. This initiative is in accordance with our commitment to reduce total Greenhouse Gas Emissions, with an emissions reduction target of 6 per cent by the end of 2012. This target is in line with the United Nations climate change objectives. We have invested in a range of carbon offsetting projects through CO_2 balance, to offset these factories' carbon emissions making them 'CarbonZero'.

20 years of LED Technology

OKI pioneered the development of digital LED technology in printers over 20 years ago. This innovation delivers High Definition printing – for more accurate, striking printed documents. Thanks to this digital LED technology, our printers are compact, environmentally friendly and energy efficient, using significantly less raw materials in the manufacturing process and consuming less energy. LED print heads have no moving parts, making our LED printers robust and ultra reliable.

Energy Star

Our printers and MFPs have earned the Energy Star by helping to eliminate energy waste through particularly energy efficient designs. They use less energy to perform regular tasks. When not in use, they automatically enter a powersave mode and product features such as, duplex printing, further reduce the wasting of energy and paper resources.

3 year on-site warranty

Our devices are manufactured to the highest standards of quality and technology, which has been confirmed by independent tests. We are so convinced of the high quality of our products that we are offering you an extension of the standard warranty period to 3 years at no extra cost to you. Simply register your product within 30 days of purchase. For further information please visit:
